Slide 2 - Extinct

Extinct

Dodo
Bird

Saber Tooth Tiger

- Extinction of an animal or plant species happens when there are no more individuals of that species alive anywhere in the world.
- The species has died out.

Slide 3 - Endangered

Endangered

Puma

Golden Eagle

- Endangered animals and plants are at risk of extinction. There are so few of them that they might soon become extinct.

Slide 4 -Threatened

Threatened

Loggerhead
Sea Turtle

- When a species numbers are going down steadily, Scientists say it is threatened.

Northern
Harrier

Slide 5 –Conclusion

Wildlife is Mother Nature's greatest treasure.
To protect it, we must take every measure.

- ✓ **Proof read, Grammar and Spell check.**
- ✓ **Add animations to each slide and set to automatic.**
- ✓ **Add transitions and set timing to automatic for 5 seconds per slide.**
